SPRING 2014 CONFERENCE

Dear Friends,

We are very excited to be holding our Spring Conference in Syracuse and sharing a weekend together along with our Conference Hosts, Jack Prindle, MD, Broome County Coroner, and Joan Burke, MTF Tissue Services, Donor Development Coordinator.

See the Conference Registration Form for details on the three packages that are offered for the weekend.

NOTE: If a spouse or guest will be accompanying you for meals for the weekend, be sure to check off the appropriate area on the Conference Registration Form in order to accurately plan for meals.

I remind you that payment for Conference weekend **MUST BE INCLUDED** with your Registration Form. **ALL HOTEL RESERVATIONS ARE MADE** by Susan Ernst in the NYSACCME Office. The hotel **WILL NOT** accept reservations for our event from individuals. Early registration is always encouraged as we have to release our reserved block of rooms by a certain date and in order for our membership to receive the Conference group rate, we have to book the rooms by that date.

The costs of our conferences are a tremendous value for the information that is presented. I strongly urge you to invite your colleagues, co-workers, and other professionals you work with in your death investigations to attend this conference. If someone joins NYSACCME, they have a yearly conference cost savings of \$200! Why not pass a Membership Application on to someone who may benefit from being a member of NYSACCME?

Thank YOU for being a part of NYSACCME and attending conference. I look forward to seeing you in Syracuse...see you soon!!!

Fondly,

Scott
